## NOBLEMAN'S FAVORITE WINES AND WHISKIES TO DRINK THIS FALL

2016 was a near-perfect growing season creating more winners in a string of historic vintages. There are many to choose from, but two really stand out. The 2016 Mark Beringer 8th Maker Napa Cabernet Sauvignon is a dark and seductive newly released cab. This stunning wine recently scored 99 points and boasts an enormous concentration of berries and freshness. As delicious as it is now, it's also built for the long term and those with the patience to cellar for a few years will find the wine continually evolving. Its interplay of fruit and fine tannins is complex and perfect for fall.

### HAILING A CAB

What makes the 2016 Alpha Omega Cabernet Sauvignon Thomas Vineyard Rutherford Napa Valley so special is, because it is so big and so bold, it's the perfect red to drink even on a fall night (try it!). On the nose is an explosion of raspberry, lavender, chocolate, cherries and cloves. The wine's wonderfully soft, dense flavor evolves with fresh acidity into a powerful wine with an elegant balance of structure and density.
