## PROPRIETARY RED

Napa Valley

2020

### VINTAGE NOTES

The 2020 growing season began with a dry winter and mild spring that led to early budbreak. A few heat spells in May pushed the vines through bloom and later at veraison, with perfectly moderate growing conditions in between. Warm, sunny weather prevailed through September and produced red grapes with excellent ripeness and deep fruit character. Our 2020 red wines are rich, concentrated and show a great depth of flavor.

### VINEYARD SOURCES

Our Proprietary Red Napa Valley 2020 was handcrafted from fruit grown in premium vineyards that truly express the diversity of terroirs in Napa Valley. This Merlot-dominant wine showcases flavors from a range of sub-appellations, with the slopes of the cooler climate Spring Mountain AVA and Oak Knoll District, with its moderate temperatures, providing more than half of the fruit. Highly regarded vineyards stretching from north to south, including sites in Rutherford, St. Helena and Coombsville, bring their unique characteristics, allowing our winemakers to create the essence of Napa Valley.

### WINEMAKING

Our winemakers blended 42% Merlot with 24% Malbec then combined 18% Cabernet Sauvignon, 15% Cabernet Franc and 1% Petit Verdot to fine tune the nuances displayed in this wine that shows luxurious and gratifying waves of fruit. Barrel fermented 40% in French oak, 30% new, and 60% in stainless steel tank, the Proprietary Red Napa Valley 2020 was aged 18 months in French oak, 25% new barrels, before bottling.
